RE: Training on Inventis Cello Audiometer

Itshelejuba hospital received the Cello Audiometer on the 13th of April 2021

The training that was conducted by Ms Luthuli & Mr Cochrane was excellent. We were left confident on the use of the equipment as everything was precise and clear. They were helpful in all aspects including shedding more light on the company itself and all that the company supplies.

They further availed themselves for any questions that may arise in the future or any assistance that we may require

Thank You

SZ Madondo
Audiologist
