

Attention all Health Technology Services Representatives:

AMHT Provides Calibration Services of all Medical Equipment.

Are u aware that AMHT has a fully fledged lab for the calibration services of all medical equipment including Audiological equipment servicing plus firmware updates directly from the Manufacturers.

Turnaround time of minimum 3-5 days

On-site Engineering services also available onsite at the various hospitals, clinics,
CHC, plus Special schools

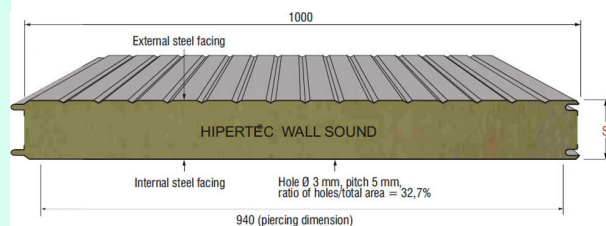

**AMHT Provides Construction of Sound Booths & Mobile OT units
& offers on-site calibration of all sound proof booths**

We further construct all sizes of
Audiological sound proof booths plus
Occupational Health clinics and mobile
units

Our Engineers currently travel to the
neighboring Countries for these
services. Our reviews are outstanding
and available on our website

www.amht.net

Starting up a practice?
Do you need a booth on wheels?
